Subject: Daily Immediate Action Plan SMEAC

Hi Chris,

As discussed, please find attached a SMEAC pertaining to an IAP in the event we receive information about a convoy/protestors attempting to disrupt our positions. We have been doing this all along during the nightshift and the members on ground have appreciated the planning prior to something occurring.

The check points that CP has in place will not be compromised, personnel will be adjusted accordingly – depending on how many people we have for each day/night shift. Last night we converted 15 people from days to nights. This will even out some of the disparity that was identified earlier today. Those 15 officers have been advised and all excepted the change.

The attached incorporates Windsor and OPP officers and was developed in conjunction with our Windsor partners.

The plan is to hold daily briefings for each IAP team (day and night) to ensure we are prepared to act in the event it is required. We have strategically assigned Sergeants/experienced officers and youth together to maximize our skills.

The names/assignments may change over the next couple of days, however the IAP will remain the same. I will update the assignments for each day.

This IAP plan is only in place until reinforcements come in from our POU and Tactical Teams.

Please let me know if you require any changes or concerns.

Respectfully,

Dave

Hi Dean,

Thanks for reaching out.

Things are hectic but I am fortunate to be working with a great team so I know we will get through all of this.

The provisions of standby pay is being explained to all members here. For your awareness I support all standby pay for those members who have been here since the beginning of this event until the end of the weekend.

Depending on how the weekend goes I will re-evaluate if standby time is needed and ensure that detachments and all members here are advised.

Please let me know if you have any other questions.

Thanks again for reaching out.

Hi Dana,

A couple of things...first off I hope you are well and taking care of yourself. I know the pressures of a CP and you have been at for an extended period of time. I know you will be watching others....so I'm watching you...well kinda...you're in Windsor and I'm in London....you know what I mean.

Just wanted to check the members in Windsor is your team letting them know about their specific standby provisions or does the detachment need to let them know? Sorry I'm sure that was covered on the call but I missed it.

Also thanks for having the list of members staying in Windsor sent out to everyone. It makes it easier and quicker for us to see what our numbers are like.

If you need anything let me know.

Good Morning

We did not have anyone attend the ambassador Bridge yesterday and I have not received any further information. We do have a protest today in Windsor at 2 pm on Riverside Drive and Ouellette. The organizer has been responsible for many anti-mask protests in the past and PLT have conducted an outreach. We do not have any numbers in relation to the protest later today and the plan is they may walk to City Hall.

Hope this information helps.

Good Morning CICs,

Yesterday afternoon (18Feb22) we were provided with the 1700hr SitRep, advising that the Ambassador Bridge was mentioned in a FB post and was believed to be a possible demonstration location. Do we have any follow-up regarding this?

The potential for a slow-down(s) and/or the protest on Riverside Dr @ Ouellette exists so I want to ensure we are on the same page:

To prevent over-deployment and confliction, I will await your direction relative to a slow roll and/or protest that does not fall within our MAP and IAP's. Our priority here will stay focused on the critical infrastructure (bridge) and Huron Church Road. I won't launch anywhere else without your authority/request.

RPAS will head toward Riverside and Ouellette this afternoon to ensure we/you get some situational awareness.

Keeping the bridge open remains our focus.

WPS with the support of PLT will be focusing on the protest on Riverside Dr at Ouellette.

I support the RPAS being deployed to the area to provide a situational awareness especially given the fact that an original protestor (Aaron ROCK) associates with today's protest organizer.

I will request/authorize any other action depending on the situation and intel.

Thank you for your continued leadership. It provides me peace of mind knowing you are here.

Good Morning Chief,

We are monitoring a number of Convoys today. Mother nature has intervened and assisted with the cancellation of the Perth Wellington event. I suspect the Meaford event will be cancelled as well, although not confirmed. 402 currently closed from the 401 to 402 split to Kerwood road due to weather.

One member of our 402 blockade is agitated by the events in Ottawa. We will be closely monitoring his activity today to ensure and attempt to blockade is thwarted, although we have not intelligence indicating an intention to block the highway at this time.

I will fill you in on what we have been doing as of late with Municipal Police services. Mark Cordeiro is our Training Coordinator in the IPB (Indigenous Policing Bureau) that is in charge of PLT training. The fact that you are in West Region I would be happy to have Mark connect with you about the training and in the meantime I could facilitate a real inside look at our work with some of my members (when the dust clears in your city of course) .

Chat soon and hope you are happy with my team. They have spoken highly of you already!!

Over the past 7 days we have certainly seen the benefits of having your PLT on ground and in the EOC. Thank you for everything your team has done to support WPS and the City of Windsor in resolving this matter in a peaceful manner.

Good Morning Marcel,

Hope you are doing well and getting some rest in these chaotic times.
I would like to introduce you to Insp Jennifer Crosby of the Windsor Police Service.
Jenn has been a vital part of the team.
I am very fortunate that I have been able to work with Jenn during this incident.
Jenn and WPS Command certainly have realized the importance of having a PLT team.
They are interested in training members in the program.
Is this something we can facilitate?
Thank you Marcel for any assistance you can provide.

Subject: POU Future Planning

Here is what we are thinking from a POU perspective, based on the current state and intelligence picture:

SUNDAY:

- OPP TRU released Sunday afternoon – available by call out (tactical coverage by Windsor ESU);
- OPP OTU and HOT released Sunday afternoon – uniform and WPS Prisoner Transport for coverage;
- Waterloo POU released in the afternoon (1400 hours), as per request of Supt. Tom Berczi – Waterloo Police to reconstitute for potential future deployments;

MONDAY:

- OPP POU Command, Scribe released at the end of the day, with (2) OPP Squads;
- Ex-fil from CBSA building on Industrial Dr., Windsor, ON – end of day.

TUESDAY:

- 1-2 OPP POU Squads remain in Essex County – reporting to the Essex County Detachment and/or Training Facility in Windsor as a Quick Response to support uniform (OPP and WPS);
- A/Insp. Ferguson and I can remain available for deployment to Windsor as directed by you.

If there are other plans in place or expectations/tasking, we will happily adjust.

Thanks,
Jaosn

Good morning,

In light of this information, we will be assigning:

- (2) Squads of Waterloo POU to Tecumseh and Ouellette;
- (2) Squads of Waterloo POU to Tecumseh and Eugenie Street
- RPAS will be on station at around 1030 hours.

Can you confirm if WPS Uniform/Intel will be in the area?

Supt.,

Our recommendation for next week:

- Tuesday – Sunday (inclusive) for POU/ERT is a 6 member Quick Response Team, deployable to support front-line members, should the need arise.

Please advise if this you are comfortable from your perspective. I understand Bluewater Bridge will not require an ERT/POU presence starting tomorrow.

Jason

Morning,

We have received some firsthand feedback regarding some uniform members deployed to checkpoints, attending business to get coffee or otherwise and voicing their opinion about on-going protests and articulating support for the truckers, et al.

Is there a chance we could reiterate at the Training Site briefings that our personal opinions would be best kept silent and to ourselves ☺. I don't want to see anyone get in trouble.

Passing along some info...

Good Morning Jamie,

I wanted to let you know that the Minister of Transport, Omar Alghabra will be attending the City of Windsor today and tomorrow, February 22-23, 2022.

During his visit, he will be attending the Tecumseh Town Hall at 917 Lesperance Road, between 4:45-5:00pm today. I understand this is very close to the Tecumseh detachment.

We don't anticipate any issues for the visit. There is no need to send any members to this location unless there is a call for service there.

Please advise should you encounter any conflicts or issues.

Thank you Dave and please pass on your thanks to PC Kenter for providing this suggestion.

We discussed this proposal and will definitely put out some media regarding traffic safety and have updated the sign to say obey traffic signals.

Education would be more of a concentration at this point than enforcement. Ensuring motorists are aware of their obligations.

As we move from static checkpoints to having more roving patrols, QRTs and ITs it will form part of the operation.

Subject: traffic safety car proposal.

Good morning A/Inspector,

Please find below and email from PC Ben Kenter. Ben has been actively engaged throughout his deployment in Windsor and during our conversations has expressed keen interest in the broader operational lens. I've replied to him already and thanked him for his observations and recommendations.

I personally don't believe that "enforcement" would be the most appropriate tactic at this time, however perhaps conversations with the CP about obtaining speed or information signs from the city/MTO and placing them in strategic places along ECR/401/Huron Church would be a good initiative. In addition, perhaps having media release a safety

bulletin of sorts encouraging motorists to obey the rules of the road and be cognizant of pedestrians in the area of Huron Church.

Laura/Chris: in the interim, please advise your group today to monitor traffic flow and encourage motorists to obey the rules of the road. At this point, the last thing we need is a pedestrian being struck – especially with a high police presence.

For your consideration,

Dave Barnabi

Subject: traffic safety car proposal.

S/Sgt. Barnabi,

In keeping with the mission statement to enforce legislation and the safe flow of traffic I would like to propose a business plan.

I have personally observed a pedestrian nearly struck by a vehicle failing to yield to the right of way(I was not in a position to act upon this event). As well, tractor trailers rolling through the flashing red stoplights and I have observed aggressive driving by motorists on Huron Church Road. The units staged at checkpoints are not supported or able to initiate traffic stops. I would like to propose a traffic safety car embedded in the roving/QRT system already in place. As the Huron Church corridor is further opened and traffic and can resume its regular flow and traffic volume I can foresee some enforcement being required to deter aggressive drivers around our operations, for instance; the heavy equipment removing the cement barriers, I observed and heard some motor vehicles driving aggressively into and out of the funnelled lanes to position themselves better among the tractor trailers.

This Unit would be responsible for highway traffic act related offences and able to provide some statistics for offences related to our efforts here in Windsor as well as proactive enforcement to curb driving behaviour to avoid intersections being shut down or impeded by collisions. This proposal could be implemented as the mobilization model is rapidly changing during the de-mobilization of the operation. Thank you for your consideration.

Hi Patti,

I appreciate your assistance.

I have included Supt Crowley on this response in hopes that he can assist in getting arrest/booking and or photos to see if it was a LPD member.

Thanks

Superintendent Earley,

I have sent a mass message to our POU troops in relation to [REDACTED] however no one has replied stating they were involved in the arrest. Thus, I am hoping to obtain any arrest/booking information or photos if possible to assist in ascertaining if in fact it was one of our members.

Please let me know,

Patti

Hi Dana,

We will get this to you first thing this week.

Hope all is well and we are taking this time to decompress.

Trevor and Patti,

Can you check on the status of the request as outlined below and let me know?

Thanks

Hi Ryan,

I hope this email finds you well and that you have been able to get some rest.

I am hoping you can assist us in getting a copy of officer's notes and will say in regards to arrests that occurred in Windsor.

Notes and Will Says are needed from:

- PC Wattie 388156, re: arrest of [REDACTED]
- PC Robert 404034, re: arrest of [REDACTED]
- The name of the officer is unknown but was identified as London Police, re: arrest of [REDACTED]

This information is needed as soon as possible so that we do not lose the charge.

Thank you again for your assistance over the past 2 weeks.

Subject: Daily Summary - Windsor

Hello Everyone,

Hope all is well.

Please find below the daily summary in regards to events in Windsor:

- Traffic continues to flow freely along Huron Church Road and over the Ambassador Bridge.
- Information related to a possible protest at the Canadian Consulate in Detroit was received scheduled to occur today at 1400 – it was a non-event.
- Intelligence has decreased regarding protests related to the Ambassador Bridge.
- 29 members were released to their home locations today, with another 12 anticipated for tomorrow.
- The Command Team continues to re-evaluate the requirements for the stabilization of the area.

We are doing our best to balance the needs of the incident, staffing needs and possible future Ottawa deployments. Please know that as of Feb28th we will not be required to assign any members to Windsor.

Thank you again for your continued support!

Supt Earley,

As an FYI re Windsor operations:

- Fleet assets will be required until Monday – arrangements made with fleet to pick up same from lakeshore detachment throughout the week.
- C8's, CEWs borrowed from GHQ will be returned tomorrow by IST members along with two Sprinter vans
- C8's and CEWs from Chatham IST will stay onsite for deployed members
- IT assets will be removed on Friday
- Sgt. Kelly Mason has requested to go home today to support her wellness. This is of course supported. HWT information provided and we will check in to make sure she gets back to her home location.
- Working with WPS and the Windsor Roads department we are going to move to re-open Prince/Totten and HC overnight Thursday. This will allow us to send home an additional 4 officers – of which Kelly will be considered one of them.

Supt.,
I had discussion this morning with the POU – ERT QRT at the Ambassador Bridge. From a POU perspective, we feel there is no further requirement for a POU QRT at that location. We would look to collapse that team and as I understand, there is a greater need to pivot toward the Bluewater Bridge.
For your consideration and approval.

Here is what we are thinking from a POU perspective, based on the current state and intelligence picture:

SUNDAY:

- OPP TRU released Sunday afternoon – available by call out (tactical coverage by Windsor ESU);
- OPP OTU and HOT released Sunday afternoon – uniform and WPS Prisoner Transport for coverage;
- Waterloo POU released in the afternoon (1400 hours), as per request of Supt. Tom Berczi – Waterloo Police to reconstitute for potential future deployments;

MONDAY:

- OPP POU Command, Scribe released at the end of the day, with (2) OPP Squads;
- Ex-fil from CBSA building on Industrial Dr., Windsor, ON – end of day.

TUESDAY:

- 1-2 OPP POU Squads remain in Essex County – reporting to the Essex County Detachment and/or Training Facility in Windsor as a Quick Response to support uniform (OPP and WPS);
- A/Insp. Ferguson and I can remain available for deployment to Windsor as directed by you.

If there are other plans in place or expectations/tasking, we will happily adjust.

Hello Insp Younan,

I support removing POU from Windsor especially considering the resources that are in place now through WPS plus the reduction of information in regards to Ambassador Bridge.

I have included Sgt McTaggart on this email so that he can update all in Windsor, as he is still on ground there.

Sgt McTaggart, please let me know if you have any questions or concerns with this decision.

Thanks

Dana

Supt.,

I had discussion this morning with the POU – ERT QRT at the Ambassador Bridge. From a POU perspective, we feel there is no further requirement for a POU QRT at that location. We would look to collapse that team and as I understand, there is a greater need to pivot toward the Bluewater Bridge.

For your consideration and approval.

Thanks,

Jason

Subject: POU Future Planning

Here is what we are thinking from a POU perspective, based on the current state and intelligence picture:

SUNDAY:

- OPP TRU released Sunday afternoon – available by call out (tactical coverage by Windsor ESU);

- OPP OTU and HOT released Sunday afternoon – uniform and WPS Prisoner Transport for coverage;
- Waterloo POU released in the afternoon (1400 hours), as per request of Supt. Tom Berczi – Waterloo Police to reconstitute for potential future deployments;

MONDAY:

- OPP POU Command, Scribe released at the end of the day, with (2) OPP Squads;
- Ex-fil from CBSA building on Industrial Dr., Windsor, ON – end of day.

TUESDAY:

- 1-2 OPP POU Squads remain in Essex County – reporting to the Essex County Detachment and/or Training Facility in Windsor as a Quick Response to support uniform (OPP and WPS);
- A/Insp. Ferguson and I can remain available for deployment to Windsor as directed by you.

If there are other plans in place or expectations/tasking, we will happily adjust.

Thanks,
Jaosn
